Identification or school-based management of acute illnesses	●
Identification or school-based management of chronic health conditions	●
Identification or treatment of STDs	●
Immunizations	○
Instruction on self-management of chronic health conditions	○
Prenatal care referrals	●
Referrals for after-school programs	○
Referrals for child care for teen mothers	○

Services for gay, lesbian, or bisexual students		<input type="radio"/>
Stress management		<input type="radio"/>
Tobacco-use cessation		<input type="radio"/>
Tracking of students with chronic health conditions		<input checked="" type="radio"/>
Weight management		<input type="radio"/>
Requires schools to provide the following prevention services:		
Alcohol- or other drug-use prevention		<input checked="" type="radio"/>
HIV prevention		<input checked="" type="radio"/>
Injury prevention and safety counseling		<input type="radio"/>
Nutrition and dietary behavior counseling		<input checked="" type="radio"/>
Physical activity and fitness counseling		<input checked="" type="radio"/>
Pregnancy prevention		<input checked="" type="radio"/>
STD prevention		<input checked="" type="radio"/>
Suicide prevention		<input type="radio"/>
Tobacco-use prevention		<input checked="" type="radio"/>
Violence prevention		<input checked="" type="radio"/>
Requires the following immunizations or vaccinations for entry into kindergarten or first grade:		
Chicken pox (varicella)		<input checked="" type="radio"/>
Diphtheria		<input checked="" type="radio"/>
Haemophilus influenzae type B		<input checked="" type="radio"/>
Hepatitis B		<input checked="" type="radio"/>
Influenza		<input checked="" type="radio"/>
Measles-containing		<input checked="" type="radio"/>
Polio		<input checked="" type="radio"/>
Tetanus		<input checked="" type="radio"/>
Requires the following immunizations or vaccinations for entry into middle school and high school:		
	Middle School	High School
Chicken pox (varicella)	<input checked="" type="radio"/>	<input checked="" type="radio"/>
Hepatitis A	<input checked="" type="radio"/>	<input checked="" type="radio"/>
Hepatitis B	<input checked="" type="radio"/>	<input checked="" type="radio"/>
Second measles-containing	<input checked="" type="radio"/>	<input checked="" type="radio"/>
Tetanus booster	<input checked="" type="radio"/>	<input checked="" type="radio"/>
Requires schools to make condoms available to students		<input checked="" type="radio"/>
Has adopted a policy related to who may administer medications to a student at school		<input checked="" type="radio"/>
Requires the following documentation before school staff may administer medication:		
Written information on possible side-effects		<input checked="" type="radio"/>
Written instructions from the physician		<input checked="" type="radio"/>
Written request from the parent or guardian		<input checked="" type="radio"/>
Allows students to carry and self-administer the following medications:		
Epinephrine auto-injector		<input checked="" type="radio"/>

Insulin or other injected medications	<input type="radio"/>
Other prescribed medications	<input type="radio"/>
Over-the-counter medications	<input type="radio"/>
Prescription quick-relief inhaler	<input checked="" type="radio"/>
Requires supplies for applying standard or universal precautions be available in the following locations:	
In all classrooms	?
In the gymnasium, on playgrounds, or on playing fields	?
On school buses or in other vehicles used to transport students	?
Requires schools to allow students with HIV infection or acquired immunodeficiency syndrome (AIDS) to engage in the following activities as long as they are able:	
Attend classes	<input checked="" type="radio"/>
Participate in school sports	<input checked="" type="radio"/>
Participate in any other school activities	<input checked="" type="radio"/>
Requires schools to allow teachers and staff with HIV infection or AIDS to work as long as they are able	?
Requires schools to:	
Complete injury reports	?
Complete illness reports	<input type="radio"/>
Requires schools to screen students for the following health problems:	
Hearing problems	<input checked="" type="radio"/>
Height and weight or body mass problems	<input type="radio"/>
Oral health problems	<input type="radio"/>
Scoliosis	<input checked="" type="radio"/>
Vision problems	<input checked="" type="radio"/>
Specifies a maximum student-to-school nurse ratio	<input type="radio"/>
Requires at least one full-time school nurse per school	<input type="radio"/>
Requires school nurse participation in Individualized Education Programs (IEPs) when indicated	<input checked="" type="radio"/>
Requires school nurse participation in Individualized Health Plans (IHPs)	<input checked="" type="radio"/>
Requires school nurse participation in 504 plans when indicated	<input checked="" type="radio"/>
Requires health services staff to follow "Do Not Resuscitate" (DNR) orders	<input checked="" type="radio"/>
Has schools that serve as Medicaid providers by providing health services to students	<input checked="" type="radio"/>
Has school-based health centers (SBHCs) that serve as Medicaid providers by providing health services to students	<input checked="" type="radio"/>
Provides funding for any school-based health centers	<input checked="" type="radio"/>

Requires minimum education level for newly hired school nurses	●● ⁶
Requires newly hired school nurses to have the following licenses and certifications:	
LPN license	○
RN license	●
National certification from the National Board for Certification of School Nurses	○
State school nurse certification	NA
Provided funding for staff development or offered staff development to school nurses during the past two years on the following health services topics:	
Accessing benefits for students with disabilities	●
Administration of fluoride rinses	○
Administration of medications	●
After-school programs	○
Alcohol- or other drug-use treatment	?
Application of dental sealants	○
Case management for students with chronic health conditions	●
Case management for students with disabilities	●
Child care options for teen mothers	○
Counseling for emotional or behavioral disorders	?
CPR	●
Crisis intervention for personal problems	?
Eating disorders treatment	?
Emergency preparedness	●
Enrollment in WIC or accessing food stamps or food banks	?
Enrollment in Medicaid or SCHIP	●
Federal laws that protect the privacy of student health information	●
First aid	●
Foodborne illness outbreak detection and response	?
HIV counseling, testing, and referral	?
Identification of emotional or behavioral disorders	?
Identification of or referral for physical, sexual, or emotional abuse	○
Identification or school-based management of acute illnesses	●
Identification or school-based management of chronic illnesses	●
Identification or treatment of STDs	●
Immunizations	●
Infectious disease prevention	?
Oral health problems	○

Prenatal care referrals	?
Services for gay, lesbian, or bisexual students	○
Sports physicals	●
Stress management	●
Teaching self-management of chronic health conditions	●
Tobacco-use cessation	●
Tracking of students with chronic health conditions	○
Weight management	?
Provided funding for staff development or offered staff development to school nurses during the past two years on the following prevention services topics:	
Alcohol- or other drug-use prevention	?
HIV prevention	○
Injury prevention and safety counseling	?
Nutrition and dietary behavior counseling	●
Physical activity and fitness counseling	○
Pregnancy prevention	●
STD prevention	●
Suicide prevention	?
Tobacco-use prevention	●
Violence prevention	●
Provided funding for staff development or offered staff development to teachers or other school staff during the past two years on the following health topics:	
HIV infection or AIDS	?
Severe food or other allergies	?
Chronic health conditions	?
Infectious disease prevention	?
Provides model policies to schools on the following health topics:	
HIV infection or AIDS	?
Severe food or other allergies	?
Chronic health conditions	?
Infectious disease prevention	?
Evaluated the following aspects of the school health services program during the past two years:	
Quality of school health services program	●
School health services policies	●
School health services staff development or in-service programs	●

This publication was prepared by the Centers for Disease Control and Prevention (CDC). It summarizes district-level data collected during the School Health Policies and Programs Study (SHPPS) 2006 from each of the 22 local education agencies funded by the Division of Adolescent and School Health. SHPPS is conducted periodically to monitor the extent to which school health policies and practices are addressing the leading causes of death, illness, and social problems among young people and adults.

For additional information on SHPPS or to order SHPPS publications, contact the Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion, Division of Adolescent and School Health, 4770 Buford Highway, NE, Mailstop K-33, Atlanta, GA 30341-3717; 800-CDC-INFO; www.cdc.gov/shpps.
