

**Health Services**

3.1 <sup>1</sup>	Has a state health services (HSV) coordinator	● <sup>2</sup>
	Requires each district to have an HSV coordinator	●
	Requires each school to have an HSV coordinator	○
3.2.1, 3.2.2, and 3.2.3	Requires districts or schools to provide the following health services when needed:	
	Administration of fluoride rinses	○
	Administration of medications	●
	Administration of sports physicals	●
	Alcohol- or other drug-use treatment	●
	Application of dental sealants	○
	Assistance with accessing benefits for students with disabilities	●
	Assistance with enrolling in Medicaid or SCHIP <sup>5</sup>	●
	Assistance with enrolling in WIC <sup>6</sup> or accessing food stamps or food banks	●
	Cardiopulmonary resuscitation (CPR)	●
	Case management for students with chronic health conditions	●
	Case management for students with disabilities	●
	Counseling for emotional or behavioral disorders	●
	Crisis intervention for personal problems	●
	Eating disorders treatment	●
	First aid	●
	HIV counseling, testing, and referral	○
	Identification of emotional or behavioral disorders	●
	Identification of or referral for physical, sexual, or emotional abuse	●
	Identification of or referrals for oral health problems	○
	Identification or school-based management of acute illnesses	●
	Identification or school-based management of chronic health conditions	●
	Identification or treatment of STDs	○
Immunizations	●	
Instruction on self-management of chronic health conditions	●	

3.2.1, 3.2.2, and 3.2.3 (cont'd.)	Prenatal care referrals	○	
	Referrals for after-school programs	○	
	Referrals for child care for teen mothers	○	
	Services for gay, lesbian, or bisexual students	○	
	Stress management	○	
	Tobacco-use cessation	●	
	Tracking of students with chronic health conditions	●	
	Weight management	●	
3.3	Requires districts or schools to provide the following prevention services:		
	Alcohol- or other drug-use prevention	●	
	HIV prevention	●	
	Injury prevention and safety counseling	●	
	Nutrition and dietary behavior counseling	●	
	Physical activity and fitness counseling	●	
	Pregnancy prevention	●	
	STD prevention	●	
	Suicide prevention	●	
	Tobacco-use prevention	●	
	Violence prevention	●	
3.4	Requires the following immunizations or vaccinations for entry into kindergarten or first grade:		
	Chicken pox (varicella)	●	
	Diphtheria	●	
	Haemophilus influenzae type B	●	
	Hepatitis B	●	
	Influenza	○	
	Measles-containing	●	
	Polio	●	
	Tetanus	●	
	Requires the following immunizations or vaccinations for entry into middle school and high school:		
		Middle School	High School
	Chicken pox (varicella)	●	●
	Hepatitis A	○	○
	Hepatitis B	●	●
	Second measles-containing	●	●
Tetanus booster	●	●	
3.5	Requires the following documentation before school staff may administer medication:		
	Written information on possible side-effects	●	
	Written instructions from the physician	●	
	Written request from the parent or guardian	●	

3.6	Has adopted a policy related to who may administer medications to a student at school	●
	Allows students to carry and self-administer the following medications:	
	Epinephrine auto-injector	●
	Insulin or other injected medications	●
	Other prescribed medications	●
	Over-the-counter medications	○
	Prescription quick-relief inhaler	●
3.7	Requires supplies for applying standard or universal precautions be available in the following locations:	
	In all classrooms	●
	In the gymnasium, on playgrounds, or on playing fields	●
	On school buses or in other vehicles used to transport students	●
3.8	Requires schools to allow students with HIV infection or acquired immunodeficiency syndrome (AIDS) to engage in the following activities as long as they are able:	
	Attend classes	●
	Participate in school sports	●
	Participate in any other school activities	●
	Requires schools to allow teachers and staff with HIV infection or AIDS to work as long as they are able	○
3.9	Requires schools to:	
	Complete injury reports	●
	Complete illness reports	●
	Report notifiable diseases to the state or local health department	●
3.10	Requires districts or schools to screen students for the following health problems:	
	Hearing problems	●
	Height and weight or body mass problems	○
	Oral health problems	○
	Scoliosis	○
	Vision problems	●
3.11	Specifies a maximum student-to-school nurse ratio	○
	Requires at least one full-time school nurse per school	○
3.12	Requires school nurse participation in Individualized Education Programs (IEPs) when indicated	●
	Requires school nurse participation in Individualized Health Plans (IHPs)	●
	Requires school nurse participation in 504 plans when indicated	●

3.13	Has schools that serve as Medicaid providers by providing health services to students	●
	Has school-based health centers (SBHCs) that serve as Medicaid providers by providing health services to students	●
3.14	Requires minimum education level for newly hired school nurses	● <sup>7</sup>
3.15	Requires newly hired school nurses to have the following licenses and certifications:	
	LPN license	○
	RN license	●
	National certification from the National Board for Certification of School Nurses	○
	State school nurse certification	NA
3.16.1, 3.16.2, and 3.16.3	Provided funding for staff development or offered staff development to school nurses during the past two years on the following health services topics:	
	Accessing benefits for students with disabilities	●
	Administration of fluoride rinses	○
	Administration of medications	●
	After-school programs	○
	Alcohol- or other drug-use treatment	●
	Application of dental sealants	○
	Case management for students with chronic health conditions	●
	Case management for students with disabilities	●
	Child care options for teen mothers	○
	Counseling for emotional or behavioral disorders	●
	CPR	○
	Crisis intervention for personal problems	●
	Eating disorders treatment	●
	Emergency preparedness	●
	Enrollment in WIC or accessing food stamps or food banks	●
	Enrollment in Medicaid or SCHIP	●
	Federal laws that protect the privacy of student health information	●
	First aid	●
	Foodborne illness outbreak detection and response	○
	HIV counseling, testing, and referral	○
	Identification of emotional or behavioral disorders	●
	Identification of or referral for physical, sexual, or emotional abuse	●
Identification or school-based management of acute illnesses	●	
Identification or school-based management of chronic illnesses	●	

3.16.1, 3.16.2, and 3.16.3 (cont'd.)	Identification or treatment of STDs	●
	Immunizations	●
	Infectious disease prevention	○
	Oral health problems	●
	Prenatal care referrals	○
	Services for gay, lesbian, or bisexual students	●
	Sports physicals	●
	Stress management	●
	Teaching self-management of chronic health conditions	●
	Tobacco-use cessation	●
	Tracking of students with chronic health conditions	●
	Weight management	●
	3.17	Provided funding for staff development or offered staff development to school nurses during the past two years on the following prevention services topics:
Alcohol- or other drug-use prevention		●
HIV prevention		●
Injury prevention and safety counseling		○
Nutrition and dietary behavior counseling		●
Physical activity and fitness counseling		●
Pregnancy prevention		●
STD prevention		●
Suicide prevention		●
Tobacco-use prevention		●
Violence prevention	●	
3.18	Provided funding for staff development or offered staff development to teachers or other school staff during the past two years on the following health topics:	
	HIV infection or AIDS	●
	Severe food or other allergies	○
	Chronic health conditions	○
	Infectious disease prevention	○
3.19	Provides model policies to districts or schools on the following health topics:	
	HIV infection or AIDS	●
	Severe food or other allergies	●
	Chronic health conditions	●
	Infectious disease prevention	●

## Footnotes

<sup>1</sup> Numbers refer to tables in *State-Level School Health Policies and Practices: A State-by-State Summary from the School Health Policies and Programs Study 2006*, which includes information from all 50 states and the District of Columbia. This document can be downloaded at [www.cdc.gov/HealthyYouth/SHPPS/2006/summaries/index.htm](http://www.cdc.gov/HealthyYouth/SHPPS/2006/summaries/index.htm).

This publication was prepared by the Centers for Disease Control and Prevention (CDC). It summarizes state-level data collected from each of the 50 states and the District of Columbia during the School Health Policies and Programs Study (SHPPS) 2006. SHPPS is conducted periodically to monitor the extent to which school health policies and practices are addressing the leading causes of death, illness, and social problems among young people and adults.

**For additional information** on SHPPS or to order SHPPS publications, contact the Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion, Division of Adolescent and School Health, 4770 Buford Highway, NE, Mailstop K-33, Atlanta, GA 30341-3717; 800-CDC-INFO; [www.cdc.gov/shpps](http://www.cdc.gov/shpps).
