

Healthy People 2010 Operational Definition

21-5. Reduce periodontal disease.

21-5a. Gingivitis.

National Data Source	National Health and Nutrition Examination Survey (NHANES), CDC, NCHS.
State Data Source	Not identified.
Healthy People 2000 Objective	Adapted from 13.5 (Oral Health).
Changes since the 2000 Publication	None.
Measure	Percent.
Baseline (Year)	48 (1988–94)
Target	41
Target-Setting Method	Better than the best racial/ethnic subgroup. For a discussion of target-setting methods, see Part A, section 4.
Numerator	Number of persons aged 35 to 44 years with a clinical confirmation of gingivitis.
Denominator	Number of persons aged 35 to 44 years.
Population Targeted	U.S. civilian, noninstitutionalized population.
Questions Used To Obtain the National Baseline Data	Not applicable.
Expected Periodicity	Periodic.
Comments	Gingivitis is gingival bleeding in one or more sites after gently probing the gingival sulcus. A description of the comparable Healthy People 2000 objective 13.5, which included the clinical protocol used to diagnose gingivitis has been published by NCHS. ¹ The same measurement is used to track this objective and the comparable Healthy People 2000

objective 13.5. However, published data for the Healthy People 2000 objective were restricted to employed adults while the Healthy People 2010 data covers all noninstitutionalized individuals aged 35 to 44 years.

Baseline data for the American Indian/Alaska Native population are from the 1999 Oral Health Survey of Native Americans. The Indian Health Service (IHS) collects data approximately every 10 years on the American Indian/Alaska Native population. Data are collected on clinic users to assess the oral health status and treatment needs of the IHS service area population. The data reflect a weighted sample.

For some measures, data do not meet the criteria for statistical reliability, data quality, or confidentiality and have been suppressed. Information on suppression of data for the major Healthy People 2010 data systems has been published in a *Healthy People Statistical Note*.²

See Part C for a description of NHANES and Appendix A for focus area contact information.
