West	24.1 (1.64)	2.5 (0.45)	6.2 (0.49)	9.4 (0.75)	47.1 (1.83)	14.1 (1.44)	11.9 (1.06)

\* Estimates are considered unreliable. Data preceded by an asterisk have a relative standard error (RSE) greater than 30% and less than or equal to 50% and should be used with caution. Data not shown have an RSE greater than 50%.

- Quantity zero.

<sup>1</sup>Based on the question, "Which of these are reasons [person] stopped being covered or does not have health insurance?" Persons may report more than one reason. In columns that include more than one reason, persons are counted only once. "Other" includes moved, self-employed, never had coverage, did not want or need coverage, and other unspecified reasons. The weighted percentage of unknown reasons for no health insurance coverage among currently uninsured persons under age 65 was 5.6%.

<sup>2</sup>Refers to persons who indicated only a single race group, including those of Hispanic or Latino origin.

<sup>3</sup>Refers to persons who indicated more than one race group, including those of Hispanic or Latino origin. Only two combinations of multiple race groups are shown due to small sample sizes for other combinations.

<sup>4</sup>Refers to persons who are of Hispanic or Latino origin and may be of any race or combination of races. "Not Hispanic or Latino" refers to persons who are not of Hispanic or Latino origin, regardless of race.

<sup>5</sup>Shown only for persons aged 25 and over. Estimates are age adjusted using the projected 2000 U.S. population as the standard population and using two age groups: 25-44 and 45-64.

<sup>6</sup>GED is General Educational Development high school equivalency diploma.

<sup>7</sup>Includes persons who reported a dollar amount or who would not provide a dollar amount but provided an income interval.

<sup>8</sup>"Poor" persons are defined as having income below the poverty threshold. "Near poor" persons have incomes of 100% to less than 200% of the poverty threshold. "Not poor" persons have incomes that are 200% of the poverty threshold or greater.

<sup>9</sup>MSA is metropolitan statistical area. Large MSAs have a population of 1 million or more; small MSAs have a population of less than 1 million. "Not in MSA" consists of persons not living in a metropolitan statistical area.

NOTES: Estimates are based on household interviews of a sample of the civilian noninstitutionalized population. This table is based on responses about currently uninsured persons under age 65 in the family. Data came from the Person file and were weighted using the Person weight. Unknowns for the columns were not included in the denominators when calculating percentages. "Total" includes other races not shown separately and persons with unknown education, family income, and poverty status. Unless otherwise specified, estimates are age adjusted using the projected 2000 U.S. population as the standard population and using four age groups: 0-11, 12-17, 18-44, and 45-64. Estimates for age groups are not age-adjusted. For more information on the data source, methods, and definitions used for this table, refer to Technical Notes for Summary Health Statistics Tables: National Health Interview Survey (available from <http://www.cdc.gov/nchs/nhis/SHS/tables.htm>).

<b>Poverty status<sup>8</sup></b>							
Poor	17.3 (1.00)	1.7 (0.27)	9.1 (0.75)	8.4 (0.72)	44.4 (1.47)	18.9 (1.05)	10.3 (0.76)
Near poor	22.1 (1.21)	2.3 (0.33)	9.2 (0.67)	11.4 (0.86)	42.5 (1.34)	13.1 (0.79)	10.2 (0.93)
Not poor	32.8 (1.20)	3.0 (0.37)	9.0 (0.69)	11.4 (0.74)	40.8 (1.25)	7.4 (0.63)	7.9 (0.68)
<b>Place of residence<sup>9</sup></b>							
Large MSA	23.0 (0.87)	1.7 (0.21)	9.0 (0.51)	11.8 (0.69)	46.1 (1.05)	11.4 (0.58)	9.9 (0.55)
Small MSA	24.2 (1.24)	3.5 (0.44)	8.7 (0.71)	8.5 (0.73)	41.2 (1.50)	13.2 (0.87)	9.5 (1.19)
Not in MSA	30.0 (2.10)	2.9 (0.48)	9.4 (1.05)	8.6 (0.93)	34.3 (2.32)	13.8 (1.17)	9.1 (1.27)
<b>Region</b>							
Northeast	21.0 (1.90)	1.9 (0.43)	8.1 (1.15)	11.6 (1.37)	40.2 (2.56)	13.4 (1.28)	12.7 (1.56)
Midwest	28.4 (1.87)	2.8 (0.51)	9.1 (1.00)	11.7 (1.47)	37.2 (1.87)	14.4 (1.23)	8.2 (0.90)
South	23.9 (0.94)	2.4 (0.29)	9.4 (0.57)	9.4 (0.61)	43.3 (1.23)	11.5 (0.62)	8.9 (0.83)
West	24.1 (1.28)	2.5 (0.38)	8.3 (0.68)	10.6 (0.78)	47.7 (1.53)	11.8 (0.94)	11.0 (0.82)

\* Estimates are considered unreliable. Data preceded by an asterisk have a relative standard error (RSE) greater than 30% and less than or equal to 50% and should be used with caution. Data not shown have an RSE greater than 50%.

- Quantity zero.

<sup>1</sup>Based on the question, "Which of these are reasons [person] stopped being covered or does not have health insurance?" Persons may report more than one reason. In columns that include more than one reason, persons are counted only once. "Other" includes moved, self-employed, never had coverage, did not want or need coverage, and other unspecified reasons. The weighted percentage of unknown reasons for no health insurance coverage among currently uninsured persons under age 65 was 5.6%.

<sup>2</sup>Refers to persons who indicated only a single race group, including those of Hispanic or Latino origin.

<sup>3</sup>Refers to persons who indicated more than one race group, including those of Hispanic or Latino origin. Only two combinations of multiple race groups are shown due to small sample sizes for other combinations.

<sup>4</sup>Refers to persons who are of Hispanic or Latino origin and may be of any race or combination of races. "Not Hispanic or Latino" refers to persons who are not of Hispanic or Latino origin, regardless of race.

<sup>5</sup>Shown only for persons aged 25 and over.

<sup>6</sup>GED is General Educational Development high school equivalency diploma.

<sup>7</sup>Includes persons who reported a dollar amount or who would not provide a dollar amount but provided an income interval.

<sup>8</sup>"Poor" persons are defined as having income below the poverty threshold. "Near poor" persons have incomes of 100% to less than 200% of the poverty threshold. "Not poor" persons have incomes that are 200% of the poverty threshold or greater.

<sup>9</sup>MSA is metropolitan statistical area. Large MSAs have a population of 1 million or more; small MSAs have a population of less than 1 million. "Not in MSA" consists of persons not living in a metropolitan statistical area.

NOTES: Estimates are based on household interviews of a sample of the civilian noninstitutionalized population. This table is based on responses about currently uninsured persons under age 65 in the family. Data came from the Person file and were weighted using the Person weight. Unknowns for the columns were not included in the denominators when calculating percentages. "Total" includes other races not shown separately and persons with unknown education, family income, and poverty status. For more information on the data source, methods, and definitions used for this table, refer to Technical Notes for Summary Health Statistics Tables: National Health Interview Survey (available from <http://www.cdc.gov/nchs/nhis/SHS/tables.htm>).
