¹Estimate does not meet NCHS standards of reliability.

*Quantity zero.

²Based on the question, "Which of these are reasons [person] stopped being covered or does not have health insurance?" Persons may report more than one reason. In columns that include more than one reason, persons are counted only once. "Other" includes moved, self-employed, never had coverage, did not want or need coverage, and other unspecified reasons. The weighted percentage of unknown reasons for no health insurance coverage among currently uninsured persons under age 65 was 5.6%.³Refers to persons who indicated only a single race group, including those of Hispanic or Latino origin.⁴Refers to persons who indicated more than one race group, including those of Hispanic or Latino origin. Only two combinations of multiple race groups are shown due to small sample sizes for other combinations.⁵Refers to persons who are of Hispanic or Latino origin and may be of any race or combination of races. "Not Hispanic or Latino" refers to persons who are not of Hispanic or Latino origin, regardless of race.⁶Shown only for persons aged 25 and over. Estimates are age adjusted using the projected 2000 U.S. population as the standard population and using two age groups: 25-44 and 45-64.⁷GED is General Educational Development high school equivalency diploma.⁸Includes persons who reported a dollar amount or who would not provide a dollar amount but provided an income interval.⁹"Poor" persons are defined as having income below the poverty threshold. "Near poor" persons have incomes of 100% to less than 200% of the poverty threshold. "Not poor" persons have incomes that are 200% of the poverty threshold or greater.¹⁰MSA is metropolitan statistical area. Large MSAs have a population of 1 million or more; small MSAs have a population of less than 1 million. "Not in MSA" consists of persons not living in a metropolitan statistical area.

NOTES: Estimates are based on household interviews of a sample of the civilian noninstitutionalized population. This table is based on responses about currently uninsured persons under age 65 in the family. Data came from the Person file and were weighted using the Person weight. Unknowns for the columns were not included in the denominators when calculating percentages. "Total" includes other races not shown separately and persons with unknown education, family income, and poverty status. Unless otherwise specified, estimates are age-adjusted using the projected 2000 U.S. population as the standard population and using four age groups: 0-11, 12-17, 18-44, and 45-64. Estimates for age groups are not age-adjusted. For more information on the data source, methods, and definitions used for this table, refer to Technical Notes for Summary Health Statistics Tables: National Health Interview Survey (available from <https://www.cdc.gov/nchs/nhis/SHS/tables.htm>).

Table P-14c. Crude percentage (with standard errors) of currently uninsured persons under age 65, by selected reasons for no health insurance coverage and by selected characteristics: United States, 2018

Selected characteristic	Lost job or change in employment ¹	Change in marital status or death of parent ¹	Ineligible due to age or left school ¹	Employer didn't offer or insurance company refused ¹	Cost ¹	Medicaid stopped ¹	Other ¹
Family income⁷							
Less than \$35,000	18.4 (1.19)	2.2 (0.36)	7.4 (0.61)	10.8 (0.91)	41.9 (1.56)	17.2 (1.15)	12.7 (1.05)
\$35,000 or more	23.1 (1.32)	2.2 (0.31)	7.9 (0.71)	10.4 (0.90)	44.1 (1.59)	12.7 (1.03)	10.7 (1.06)
\$35,000–\$49,999	18.7 (2.02)	2.2 (0.56)	7.1 (1.15)	10.7 (1.53)	45.4 (2.69)	15.1 (2.28)	10.6 (1.63)
\$50,000–\$74,999	23.1 (2.73)	1.9 (0.51)	5.8 (1.06)	9.0 (1.27)	47.7 (2.83)	14.4 (1.79)	10.0 (1.78)
\$75,000–\$99,999	30.6 (3.29)	3.6 (0.99)	10.5 (1.74)	12.7 (2.37)	36.9 (3.30)	8.8 (2.11)	9.0 (2.34)
\$100,000 or more	24.0 (2.86)	1.5 (0.57)	10.4 (2.19)	10.6 (2.22)	42.0 (3.71)	9.1 (1.97)	13.6 (2.91)
Poverty status⁸							
Poor	15.2 (1.72)	1.8 (0.42)	7.3 (0.88)	8.6 (1.31)	37.8 (2.15)	20.4 (1.89)	16.0 (1.99)
Near poor	18.6 (1.50)	2.0 (0.38)	6.9 (0.81)	10.6 (0.95)	46.5 (1.98)	16.7 (1.44)	11.5 (1.22)
Not poor	24.8 (1.35)	2.5 (0.36)	8.0 (0.72)	11.9 (1.01)	44.2 (1.64)	10.3 (0.88)	9.8 (1.05)
Place of residence⁹							
Large MSA	17.6 (0.98)	1.9 (0.31)	6.8 (0.64)	10.6 (0.80)	46.1 (1.44)	14.8 (1.03)	13.7 (1.10)
Small MSA	21.8 (1.70)	2.4 (0.38)	8.2 (0.78)	10.0 (1.11)	42.2 (1.99)	14.6 (1.27)	10.9 (1.49)
Not in MSA	24.7 (2.57)	2.5 (0.56)	8.2 (1.49)	9.2 (1.32)	39.6 (3.36)	14.4 (1.70)	10.5 (2.22)
Region							
Northeast	19.2 (3.26)	1.9 (0.67)	6.0 (1.53)	9.8 (1.59)	29.7 (3.05)	15.0 (2.83)	27.3 (3.72)
Midwest	26.2 (2.07)	2.3 (0.48)	6.8 (0.93)	9.9 (1.02)	37.8 (2.16)	14.0 (1.52)	13.6 (2.28)
South	18.6 (1.05)	2.0 (0.31)	8.7 (0.74)	10.5 (0.89)	48.5 (1.57)	13.4 (0.93)	9.6 (0.89)
West	17.8 (1.76)	2.4 (0.54)	5.6 (0.84)	10.1 (1.29)	45.1 (2.31)	18.6 (1.89)	10.8 (1.47)

¹Estimate does not meet NCHS standards of reliability.

-Quantity zero.

²Based on the question, "Which of these are reasons [person] stopped being covered or does not have health insurance?" Persons may report more than one reason. In columns that include more than one reason, persons are counted only once. "Other" includes moved, self-employed, never had coverage, did not want or need coverage, and other unspecified reasons. The weighted percentage of unknown reasons for no health insurance coverage among currently uninsured persons under age 65 was 5.6%.³Refers to persons who indicated only a single race group, including those of Hispanic or Latino origin.⁴Refers to persons who indicated more than one race group, including those of Hispanic or Latino origin. Only two combinations of multiple race groups are shown due to small sample sizes for other combinations.⁵Refers to persons who are of Hispanic or Latino origin and may be of any race or combination of races. "Not Hispanic or Latino" refers to persons who are not of Hispanic or Latino origin, regardless of race.⁶Shown only for persons aged 25 and over.⁷GED is General Educational Development high school equivalency diploma.⁸Includes persons who reported a dollar amount or who would not provide a dollar amount but provided an income interval.⁹"Poor" persons are defined as having income below the poverty threshold. "Near poor" persons have incomes of 100% to less than 200% of the poverty threshold. "Not poor" persons have incomes that are 200% of the poverty threshold or greater.¹⁰MSA is metropolitan statistical area. Large MSAs have a population of 1 million or more; small MSAs have a population of less than 1 million. "Not in MSA" consists of persons not living in a metropolitan statistical area.NOTES: Estimates are based on household interviews of a sample of the civilian noninstitutionalized population. This table is based on responses about currently uninsured persons under age 65 in the family. Data came from the Person file and were weighted using the Person weight. Unknowns for the columns were not included in the denominators when calculating percentages. "Total" includes other races not shown separately and persons with unknown education, family income, and poverty status. For more information on the data source, methods, and definitions used for this table, refer to Technical Notes for Summary Health Statistics Tables: National Health Interview Survey (available from <https://www.cdc.gov/nchs/nhis/SHS/tables.htm>).Suggested citation: Lucas JW, Benson V.
