

Harmonization of Clinical Laboratory Results - Nomenclature

Questions for CLIAC Discussion

- ❑ *How can HHS support the harmonization and interoperability of nomenclature, such as LOINC, SNOMED and UCUM?*
- ❑ *Who should be responsible for sustaining nomenclature for clinical laboratories? Are there existing successful models?*

Harmonization of Clinical Laboratory Results - Data

Questions for CLIAC Discussion

- *How will clinical laboratories be impacted by efforts to harmonize individual analytes for comparability?*
- *Is there a role for HHS to support clinical laboratories with harmonization of individual analytes for comparability?*
