This publication was prepared by the Centers for Disease Control and Prevention (CDC). It summarizes district-level data collected during the School Health Policies and Programs Study (SHPPS) 2006 from each of the 22 local education agencies funded by the Division of Adolescent and School Health. SHPPS is conducted periodically to monitor the extent to which school health policies and practices are addressing the leading causes of death, illness, and social problems among young people and adults.

For additional information on SHPPS or to order SHPPS publications, contact the Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion, Division of Adolescent and School Health, 4770 Buford Highway, NE, Mailstop K-33, Atlanta, GA 30341-3717; 800-CDC-INFO; www.cdc.gov/shpps.
