

## Introduction

To protect confidentiality, detailed information for some variables are not available on the NHIS public-use data files. Researchers interested in working with variables that were suppressed or edited to protect confidentiality may submit a proposal to the NCHS Research Data Center (RDC). The RDC is responsible for protecting the confidentiality of survey respondents, study subjects, or institutions while providing access to the restricted-use data for statistical purposes. Additional information is available at: <https://www.cdc.gov/rdc/>.

| <b>Notes:</b>                | This flag determines the type of CBSA (either MSA or MISA) for the CBSA Final Code. If the CBSA is associated with at least one urbanized area that has a population of at least 50,000, it is a metropolitan statistical area (MSA), otherwise, it is a micropolitan statistical area (MISA). |
