Description: Up to 5 of the most recent medically-consulted injury episodes and up to 5 of the most recent medically-consulted poisoning episodes that reportedly occurred during the past 3 months based on responses to family level questions FIJ.010_01 to FIJ.028_00.000

Sources: RPCKD; RPCKM

Recodes: None

Keywords: injury; poisoning; elapsed time

Notes: This variable was calculated by subtracting the date of the injury/poisoning episode from the date the injury/poisoning questions were asked. Only the month, day, and year of the injury/poisoning episode provided by the respondent was used to create this variable. No additional date questions or imputed data were used in the creation of this variable. For more information about this variable see the Survey Description Document. Response code 524 also includes episodes that occurred more than 499 days or more than 24 months before the date the injury/poisoning questions were asked. An additional category has not been created for these episodes because respondents rarely (less than one per year) report injuries/poisonings that occurred more than 499 days or more than 24 months before the date the injury/poisoning questions were asked.

Time between the date of injury/poisoning episode and questions were asked

000-499	0-499 days
500	Same month as month the injury/poisoning questions were asked
501	Month before the month the injury/poisoning questions were asked
502-524	2-24 months before the month the injury/poisoning questions were asked
998	Not ascertained

Question ID: FIJ.065_01.000

Instrument Variable Name: ICAUS1A

Final Documentation Name: ICAUS1A

?[F1]

*Interviewer selects up to two categories that best describe the cause of the person's injury

Universe:	('01' <= MTFINJ3M <= '91')
Description:	Up to 5 of the most recent medically-consulted injury episodes that reportedly occurred during the past 3 months based on responses to family level questions FIJ.010_01.000 to FIJ.028_00.000

Sources:	None
Recodes:	None
Keywords:	injury; motor vehicle; fall; burn
Notes:	New variable in 2017 that replaced ICAUS. In 2017, interviewers could select up to two categories to describe the cause of the persons' injury, instead of a single response. The list of response categories that describe the cause of the injury was expanded in 2017, and may not be fully compatible with ICAUS. Cause of injury based on ICD-10-CM external cause codes (ECAUS) is no longer available in 2017.

Cause of injury episode, first response

01	Fall
02	Driver or passenger in a motor vehicle (such as car, truck, van, motorcycle, etc.)
03	Rider of a bicycle/tricycle/unicycle
04	Driver or passenger of other mode of transportation (boat, plane, train, golf cart, etc.)
05	Pedestrian walking or on skateboard, skates, skis, etc. struck by vehicle or bike
06	Overexertion (includes twist, sprain, repetitive motion, whiplash, etc.)
07	Struck by or against something or someone, or struck by a falling object
08	Cutting or piercing by sharp object
09	Burned or scalded by fire or flame, hot objects, hot liquids, chemicals, etc.
10	Bite or sting (insect, animal, reptile, etc.)
11	Contact with machinery
12	Poisoning (excluding food poisoning)
13	Other
97	Refused
98	Not ascertained
99	Don't know
