PREFACE

This is one of two volumes presenting final vital statistics for the United States (including Alaska), Hawaii, the Commonwealth of Puerto Rico, and the Virgin Islands (U.S.) for the year 1959. Their subject matter consists of vital events that occurred in these areas during the year—marriages, divorces, births, fetal deaths, infant deaths, and deaths among the general population—presented as follows:

VOLUME I

Introductory text and related tables

General tables—marriage, divorce, natality, fetal mortality, and mortality statistics for Hawaii, Puerto Rico, and Virgin Islands

General tables—marriage, divorce, natality, fetal mortality, and infant mortality statistics for the United States and each State; births and deaths for counties and urban places

VOLUME II

General tables—mortality statistics for the United States and each State

In using statistics from either volume, it is recommended that reference be made to the text in Volume I which describes the sources and characteristics of the data.

[1]Unit of residence is defined as the individual urban place of 10,000 or more, or cities of 2,500 to 10,000 as a group, or the rural area of the county, of which the decedent was a resident. Urban places include every incorporated place having a population of 2,500 or more in 1950, as well as certain unincorporated places classified as urban under special rules. For further discussion of residence allocation, see text in section 1, Volume I, Vital Statistics of the United States, 1959.

NOTE.—The category "metropolitan counties" includes all counties within a State that are in "standard metropolitan areas" as defined by the U.S. Bureau of the Census in 1950, except in New England where the counties are those in the "metropolitan State economic areas," also as defined by the Bureau of the Census in 1950. The category "nonmetropolitan counties" includes all other counties in the State.

NOTE.—The category "metropolitan counties" includes all counties within a State that are in "standard metropolitan areas" as defined by the U.S. Bureau of the Census in 1950, except in New England where the counties are those in the "metropolitan State economic areas," also as defined by the Bureau of the Census in 1950. The category "nonmetropolitan counties" includes all other counties in the State.

Table 66. Deaths and Death Rates for Each Cause, by Color and Sex: United States, 1959

(Data refer only to deaths occurring within the United States, including Alaska. Excludes fetal deaths. Rates per 100,000 estimated midyear population residing in area for specified group. Includes each three-digit category of the Detailed List to which one or more deaths were assigned in 1959 and selected four-digit subcategories)

NOTES:

The category "metropolitan counties" includes all counties within a State that are in "standard metropolitan areas" as defined by the U.S. Bureau of the Census in 1950, except in New England, where the counties are those in the "metropolitan State economic areas," also as defined by the Bureau of the Census in 1950. The category "nonmetropolitan counties" includes all other counties in the State.

Unless otherwise noted, urban places of 10,000 or more listed in this table include incorporated places of 10,000 or more in 1950 and certain unincorporated areas classified as urban under special rules relating to population size and density. Areas classified as urban under these special rules are indicated by a footnote.

Certain cities are located in more than one county. In these cases, figures for the county include only the figures for that part of the city in the county. Total figures for each of these cities are shown under the county containing the larger proportion of the city's population. Totals for Amarillo, Tex., are shown under Potter County; Atlanta, Ga., under Fulton County; Aurora, Colo., under Adams County; Bethlehem, Pa., under Northampton County; Centralia, Ill., under Marion County; College Park, Ga., under Fulton County; Collinsville, Ill., under Madison County; Eau Claire, Wis., under Eau Claire County; Elgin, Ill., under Kane County; Ellwood City, Pa., under Lawrence County; Fostoria, Ohio, under Seneca County; Grand Prairie, Tex., under Dallas County; Hannibal, Mo., under Marion County; Huntington, W. Va., under Cabell County; Joplin, Mo., under Jasper County; Kansas City, Mo., under Jackson County; Pocatello, Idaho, under Bannock County; Rocky Mount, N.C., under Nash County; St. Cloud, Minn., under Stearns County; Salem, Oreg., under Marion County; Sikeston, Mo., under Scott County; Streator, Ill., under La Salle County; Takoma Park, Md., under Montgomery County; Watertown, Wis., under Jefferson County; Weirton, W. Va., under Hancock County; and Youngstown, Ohio, under Mahoning County. Likewise, total figures for Yellowstone National Park are shown under Wyoming.

Table 80A. Deaths From Specified Infective Diseases: United States, Specified States and Counties, 1959

(By place of residence. Data refer only to deaths occurring within the United States, including Alaska. States and counties or county equivalents are listed in which there were one or more deaths from the specified cause. For Alaska, data are also shown for recording districts. Includes data for urban places shown in table 80B. Numbers after causes of death are category numbers of the Seventh Revision of the International Lists, 1955)

Table 80B. Deaths From Specified Infective Diseases: Specified Urban Places in the United States, 1959

(By place of residence. Data refer only to deaths occurring within the United States, including Alaska. Urban places are those with populations of 10,000 or more in 1950 and for which there were one or more deaths from the specified cause, unless otherwise noted. Counties in which urban places are located are shown in parentheses. Numbers after causes of death are category numbers of the Seventh Revision of the International Lists, 1955)
