When this box appears, click OK then click close.

Running the Installer

Using My Computer or Windows Explorer, go to c:\MMDS2010\INTSALL.

There you will find two files:

- MMDS Suite.MSL
- Setup.exe

Double-Click on setup.exe.

Some networks will require administrator rights to run setup.exe. You may have to contact your IT staff to get the necessary privileges. It is recommended the software be installed under your USER ID/Login with admin rights for the install. Setup will begin installing the software on your system.
