

## Healthy People 2010 Operational Definition

---

### **12-16. (Developmental) Increase the proportion of persons with coronary heart disease who have their LDL-cholesterol level treated to a goal of less than 100 mg/dL.**

#### **Comments**

This objective was retained at the Healthy People 2010 Midcourse Review despite the current lack of data. An operational definition could not be specified at the time of publication.

A proposed data source is the National Health and Nutrition Examination Survey (NHANES), CDC, NCHS.

See Part C for a description of NHANES and Appendix A for focus area contact information.
