

Healthy People 2010 Operational Definition

15-22. Increase the number of States and the District of Columbia that have adopted a graduated driver licensing model law.

National Data Source	U.S. Licensing Systems for Young Drivers, Insurance Institute for Highway Safety.
State Data Source	Not identified.
Healthy People 2000 Objective	9.26 (Unintentional Injuries).
Changes since the 2000 Publication	None.
Measure	Number.
Baseline (Year)	23 (1999)
Target	51
Target-Setting Method	Total coverage. For a discussion on target-setting method, see Part A, section 4.
Numerator	Number of jurisdictions with the core components.
Denominator	Not applicable.
Population Targeted	Not applicable.
Questions Used To Obtain the National Baseline Data	Not applicable.
Expected Periodicity	Annual.
Comments	Core components are noted in the National Committee on Uniform Traffic Laws and Ordinances (NCUTLO) model law and include 6 months in the learner stage and 6 months in the intermediate driving stage with night-driving restrictions. Participants are also required to have no safety belt violations and to be conviction free during the holding periods. Data are compiled by periodic review of laws for the presence of these components.

This objective is similar to Healthy People 2000 objective 9.26, which tracked the number of States with graduated license systems.

See Appendix A for focus area contact information.
