

# National Center for Health Statistics (NCHS)

**Mission:** NCHS collects, analyzes, and disseminates timely, relevant, and accurate health data and statistics. Our products and services inform the public and guide program and policy decisions to improve our nation's health.

## **Brian Moyer**

Director National Center for Health Statistics (NCHS)

## **Priority Areas and Activities**

The National Vital Statistics System (NVSS) provides information on births, deaths, marriages, divorces, and fetal deaths in the U.S. in the form of data files and reports ([NVSS - National Vital Statistics System Homepage \(cdc.gov\)](#)).

**Please Share a Brief Description of Center Level Technical Assistance Services and Programs (please include supporting links).**

N/A

**Total Number of Grants and Cooperative Agreements with Tribes, TECs, or THOs for FY 22.**

N/A

**Total Number of Grants and Cooperative Agreements with Tribes, TECs, and THOs for FY 23.**

N/A

**For each FY 23 Funding Activity with Tribes, TECs, THOs Complete the Following Information. Please be sure to provide updates for each funding activity including CDC RFA Award Number, Award Title, Award Amount, Funding Period, and Brief Description).**

N/A

**Does your CIO's Health Equity initiative include activities or metrics that specifically address AI/AN, Tribes, TECs, or THOs? (Yes/No) If yes, provide metric and/or describe activities (please be sure to include supporting links).**

N/A

**For TAC Use Only**

**Is your CIO currently collecting, receiving, or producing health equity data that includes AI/AN information? (Yes/No). If yes, describe the data being collected, received, or produced (please be sure to include supporting links).**

- Yes, data files and reports produced by the Division of Vital Statistics contain information on the AI/AN population [NVSS - National Vital Statistics System Homepage \(cdc.gov\)](https://www.cdc.gov/nvss/).
- As much as we're able, we try to provide estimates for AIAN adults and children annually as part of our Interactive Summary Health Statistics for Adults and Children data query tools. As some estimates are unreliable with one year of data, we have a separate data query tool that includes three-year pooled estimates for adults.

**Please Provide a Brief Description of any Efforts to help Tribes/TECs/THOs Build or Improve Data Infrastructure. (Please be sure to include supporting links and references).**

N/A

**Please Provide a Brief Description of any Efforts to help Tribes/TECs/THOs to Collect, Acquire, or Improve data. (Please be sure to include supporting links and references).**

- A report was recently published on Health conditions and health care use among American Indian and Alaska Native adults by tribal land residential status: United States, 2019-2021.

**Please Provide a Brief Description of any Efforts to help Tribes/TECs/THOs Enhance their Ability to Manage, Analyze, Interpret, or Disseminate data. (Include training or technical assistance tools and resource links.)**
