

Healthy People 2010 Operational Definition

- 23-2. (Developmental) Increase the proportion of Federal, Tribal, State, and local health agencies that have made information available for internal or external public use in the past year based on health indicators related to Healthy People 2010 objectives.**

Comments

This objective was retained during the Healthy People 2010 Midcourse Review despite the current lack of data. There are currently no data sources at the Federal, State or local levels.

An operational definition could not be specified at the time of publication.

Tribal agencies encompass American Indian/Alaska Native health Departments, regional tribal organizations, health boards, and Tribal Epidemiology Centers (Epi Centers).

A proposed data source the Survey of Regionally Based Public Health Services/Infrastructure in Indian Country, Tribal Epidemiology Centers (Epi Centers), CDC, IHS.

See Appendix A for focus area contact information.
