Keywords: income; poverty
Notes: The "Undefinable" cases consist of families where the number of
       children under age 18 in the family is equivalent to the number of
       family members. Published 2002 poverty thresholds from the Census
       Bureau are used in these calculations. FM_KIDS is a generated variable
       indicating how many family members are <18 years of age.
