

2023 National Health Interview Survey (NHIS) Questionnaire

Contents

1. Introduction

This National Health Interview Survey (NHIS) questionnaire report provides the questions administered to NHIS respondents in the order they were asked. It is organized hierarchically into these parts: Contents, Index, and NHIS questionnaire, which in turn includes the Roster, Adult and Child modules.

2. Section Index

A section index is provided for each of the three modules: Roster, Adult, and Child. The index can be navigated via the Bookmarks pane to quickly get information about the different sections in the module. The display pane lists information about each section in the module including the three-letter section name, the section description, the type of content in the section (annual core, rotating core, sponsored or emerging content) and the page range in this document for each section for ease of printing.

3. NHIS questionnaire: Roster, Adult and Child modules

The questionnaire is the main part of the report and provides detailed information about each question in the survey. The hierarchy in the Bookmarks pane has three levels: module (Roster, Adult, Child), sections within each module, and questions within each section represented by the variable name in the instrument. The sections and questions are listed in questionnaire order. Selecting a specific question in the Bookmarks pane will display a detailed report for that question in the display pane while selecting a section abbreviation will display the report for the first question in the section.

In the question text field of the report, text displayed in **bold and in blue font** is an interviewer instruction which is sometimes followed by optional text in *gray, italic font*.

Information provided for each question includes:

- Question ID: unique alphanumeric code for each question beginning with the 3-letter section abbreviation
- Variable: instrument variable name for the question
- Interview Module: module where the question is located: Roster, Adult, or Child
- Content Type: indicates whether the question is part of the Annual Core, Rotating Core, Sponsored Content or Emerging Content
- Question Text: question wording administered to respondent with indicators for fills; may also include interviewer instructions
- Fills: table of contextual text substitutions that are filled into the question text
- Response: table of possible responses to the question
- Universe: group of respondents who received the question
- Skip Instructions: instructions for moving to the next question in the questionnaire

Additional information may include:

- Hard Edit: prompt received when response entered is not allowed; response must be changed in order to proceed
- Soft Edit: prompt received when response entered is questionable; must follow instructions in order to proceed
- Replicate To: indicates family-level information obtained in the Sample Adult interview that is copied to a replicated variable in the Sample Child and vice versa for efficiency when the Sample Child and the Sample Adult are in the same family.
- ? [F1]: indicates that there are notes available to the field representative to answer respondents questions about the topic.

4. Questionnaire Glossary

Description of variables listed in the skip and fills instructions of some survey questions that are used for the programming the interview.

2023 National Health Interview Survey (NHIS) Questionnaire

Navigate to the module of interest in the Bookmarks pane to see information about all the sections in the module in questionnaire order. The display pane will show a table with the following information for each section:

- Section abbreviation: a short, 3 letter abbreviation for the section, e.g., INS
- Section description: a description of the topic area for questions in the section
- Content type: a list of values indicating if the questions in the section come from annual core, rotating core, sponsored content or emerging content
- Page Range: range of pages in this document containing the content for each section

2023 National Health Interview Survey (NHIS) Questionnaire

Navigate the hierarchy in the Bookmarks pane to the module and section of interest. Selecting the module or section name will display the detail for the first variable for that module or section, respectively. Expanding the hierarchy further and selecting a question will display the detail for that specific question. The detailed report will show the following information for a question: Question ID, Variable, Content Type, Question Text, Fills, Response, Universe, Skip Instructions, and optionally, Hard Edit, Soft Edit and Replication.

2023 National Health Interview Survey (NHIS) Questionnaire

ROS: Roster

Question ID: ROS.0020.00.1 Variable: HHCLock Interview Module: Roster Content Type: Annual Core

Question Text:

- * The demographic information is now locked and cannot be changed.
- * Enter '1' to continue with the interview.
- * If reentering the case, press the END key to go to the next unanswered question.

Response:

1	Enter 1 to Continue
---	---------------------

Universe:

HHC section has been locked.

Skip Instructions:

<1> If GEN.PCNTUNDER18 GT 0, [goto REL.WHOPAR]
else [goto SASCSELECTION]

2023 National Health Interview Survey (NHIS) Questionnaire

ROS: Roster

Question ID: ROS.0030.00.1 Variable: ROSTERCHECK Interview Module: Roster Content Type: Annual Core

Question Text:

* The roster will now be locked. If you are confident that it has been recorded accurately, enter 1 to continue. Otherwise go back and correct now.

Response:

1	Enter 1 to Continue
---	---------------------

Universe:

At least one person in the household is greater than 18 and there is at least one child in the household and at least one person's age is not guessed and not all household members in the armed forces and the HHC section has not been locked.

Skip Instructions:

```
<1> If GEN.PCNTUNDER18 GT 0, [goto tb1REL.WHOPAR]
if SURVTYPE=T and eligible adults [goto SELECT_SA]
elseif SURVTYPE=T and eligible children [goto SELECT_SC]

Question Text:

?[F1]

Piense en la última vez que tuvo cobertura de cuidados de salud que pagó las visitas médicas u hospitalizaciones. Voy a leer una lista de razones por las cuales alguien podría ya no estar inscrito en la cobertura. Por favor, dígame, sí o no, si esta es una razón por la cual usted ya no está inscrito en su último plan de cuidados de salud.

¿Usted o el/la titular (dueño(a)) de la póliza se jubiló, perdió un empleo o cambió de empleador?

Response:

1	Sí
2	No
7	Refused
9	Don't Know

REP: Repetitive Strain Injury

Question ID: REP.0010.00.2 Variable: REPSTRAIN_A Interview Module: Adult Content Type: Rotating Core

Question Text:

El siguiente grupo de preguntas es acerca de las lesiones.

La primera pregunta es sobre lesiones por esfuerzo repetitivo. Nos referimos a las lesiones causadas por repetir el mismo movimiento por largos períodos de tiempo. Por ejemplo, esto incluye el síndrome del túnel carpiano, codo de tenista o tendinitis.

Durante los últimos 3 meses, ¿ha sufrido alguna lesión por esfuerzo repetitivo?

Response:

1	Sí
2	No
7	Refused

```

Hard Edit:

Check Text	Check Description	Check Text
ERR3_SSN4_C	SSN last four digits are 0000 or a letter other than N hard edit	{check ERR3_SSN4_C} The last 4 digits of a SSN may be between 0001-9999. For a respondent who does not want to provide the SSN, enter 'Ctrl D' or 'Ctrl R' for 'Don't Know' or 'Refused.' If a respondent does not have a SSN, enter 'N'. Please correct.
ERR2_SSN4_C	Entered less than four digits hard edit	{check ERR2_SSN4_C} You must enter all four of the last four digits of the Social Security Number. Please correct.

Soft Edit:

Check Text	Check Description	Check Text
ERR1_SSN4_C	SA and SC SSN the same soft edit	{signal ERR1_SSN4_C} The last four digits of ^SCNAME's Social Security Number are the same as the last four digits of ^SANAME's Social Security Number. Please verify.

2023 National Health Interview Survey (NHIS) Questionnaire
