 about how many days did illness or injury keep you in the bed more than half of the day (include days while an overnight patient in a hospital)?
${ }^{2}$ Refers to persons who indicated only a single race group, including those of Hispanic or Latino origin.
${ }^{3}$ Refers to persons who indicated more than one race group, including those of Hispanic or Latino origin. Only two combinations of multiple race groups are shown due to small sample sizes for other combinations.
${ }^{4}$ Refers to persons who are of Hispanic or Latino origin and may be of any race or combination of races. "Not Hispanic or Latino" refers to persons who are not of Hispanic or Latino origin, regardless of race.
${ }^{5}$ Shown only for adults aged 25 and over.
${ }^{6}$ GED is General Educational Development high school equivalency diploma
${ }^{7}$ Includes persons who reported a dollar amount or who would not provide a dollar amount but provided an income interval.
${ }^{8}$ "Poor" persons are defined as having income below the poverty threshold. "Near poor" persons have incomes of $100 \%$ to less than $200 \%$ of the poverty threshold. "Not poor" persons have incomes that are $200 \%$ of the poverty threshold or greater
 or had only a private plan that paid for one type of service such as accidents or dental care.
${ }^{10} \mathrm{MSA}$ is metropolitan statistical area. Large MSAs have a population size of 1 million or more- small MSAs have a population size of less than 1 million. "Not in MSA" consists of persons not living in a metropolitan statistical area

[^1] months, about how many days did illness or injury keep you in the bed more than half of the day (include days while an overnight patient in a hospital)?
Refers to persons who indicated only a single race group, including those of Hispanic or Latino origin.
Refers to persons who indicated more than one race group, including those of Hispanic or Latino origin. Only two combinations of multiple race groups are shown due to small sample sizes for other combinations.
${ }^{4}$ Refers to persons who are of Hispanic or Latino origin and may be of any race or combination of races. "Not Hispanic or Latino" refers to persons who are not of Hispanic or Latino origin, regardless of race.
Shown only for adults aged 25 and over.
${ }^{6}$ GED is General Educational Development high school equivalency diploma
Includes persons who reported a dollar amount or who would not provide a dollar amount but provided an income interval.
"Poor" persons are defined as having income below the poverty threshold. "Near poor" persons have incomes of $100 \%$ to less than $200 \%$ of the poverty threshold. "Not poor" persons have incomes that are $200 \%$ of the poverty threshold or greater.
Based on a hierarchy of mutually exclusive categories. Adults with more than one type of health insurance were assigned to the first appropriate category in the hierarchy. "Uninsured" includes adults who had no coverage as well as those who had only Indian Health Service coverage or had only a private plan that paid for one type of service such as accidents or dental care.
${ }^{10}$ MSA is metropolitan statistical area. Large MSAs have a population size of 1 million or more; small MSAs have a population size of less than 1 million. "Not in MSA" consists of persons not living in a metropolitan statistical area
NOTES: Estimates are based on household interviews of a sample of the civilian noninstitutionalized population. This table is based on data from the Sample Adult file and was weighted using the Sample Adult weight. Unknowns for the columns were not included in the
denominators when calculating percentages, but they are included in the "All employed adults aged 18 and over and "All adults aged 18 and over columns. "Total" includes other races not shown separately and persons with unknown education, family income, poverty status, and health insurance characteristics. For more information on the data source, methods, and definitions used for this table, refer to Technical Notes for Summary Health Statistics Tables: National Health Interview Survey (available from http://www.cdc.gov/nchs/nhis/SHS/tables.htm) Suggested citation: Villarroel MA, Blackwell DL, Jen A. Tables of Summary Health Statistics for U.S. Adults: 2018 National Health Interview Survey. National Center for Health Statistics. 2019. Available from: http://www.cdc.gov/nchs/nhis/SHS/tables.htm
