

## Changes to ICD-10-CM descriptions file for 2009 - updated

Description Changes Summary Table

Version year	Valid codes	Deactivated codes	Total codes
2007	68,063	36	68,100
2009	68,069	36	68,105

### Changes Detail

Update: A blank line was removed that was counted as a code in the 2007 version, so the correct number of valid codes from 2007 was 68,063, though previously listed as 68,064.

Update: The 36 deactivated codes refer to codes and ranges that were present in ICD-10, and have been removed in ICD-10-CM. There are 36 notes associated with codes or ranges in the external cause chapter, which state that the code or range was deactivated.

#### O33 expanded to include fetus code detail

--Because of differences in formatting, the parsing program missed applying the # of fetus detail to O33.5 in version 2007. This has been corrected for 2009.

Update: the number of codes added was corrected to 7 (it had been mistakenly listed as 6 in a previous version).

Code deleted: 1

*O335 Maternal care for disproportion due to unusually large fetus*

Codes added: 7

*O335xx0 Maternal care for disproportion due to unusually large fetus, not applicable or unspecified*

*O335xx1 Maternal care for disproportion due to unusually large fetus, fetus 1*

*O335xx2 Maternal care for disproportion due to unusually large fetus, fetus 2*

*O335xx3 Maternal care for disproportion due to unusually large fetus, fetus 3*

*O335xx4 Maternal care for disproportion due to unusually large fetus, fetus 4*

*O335xx5 Maternal care for disproportion due to unusually large fetus, fetus 5*

*O335xx9 Maternal care for disproportion due to unusually large fetus, other fetus*

#### T50.B96 code typographical error corrected

--In the tabular list and descriptions version 2007, the entry T50.B86 is meant to be T50.B96. This has been corrected in the tabular list and descriptions updates for 2009.

Codes deleted: 3

*T50B86A Underdosing of other viral vaccines, initial encounter*

*T50B86D Underdosing of other viral vaccines, subsequent encounter*

*T50B86S Underdosing of other viral vaccines, sequela*

Codes added: 3

*T50B96A Underdosing of other viral vaccines, initial encounter*

*T50B96D Underdosing of other viral vaccines, subsequent encounter*

*T50B96S Underdosing of other viral vaccines, sequela*
